

ELECTRIC FENCE POLES

They are intended primarily for use in **animal breeding**, i.e. for erecting a fence for programmed animal grazing. The main advantages include resistance to various influences (rain, sun, salt, chemicals, ...), lightweight, no maintenance and mechanical resistance.

tip	dolžina (mm)
S06 (10 * 8 mm)	1.100
S06 (10 * 8 mm)	1.400
S06 (10 * 8 mm)	1.500
S06 (10 * 8 mm)	1.600
S06 (10 * 8 mm)	1.800
S06 (10 * 8 mm)	2.100
S06 (10*8mm) metalik	1.100
S06 (10*8mm) metalik	1.250
S06 (10*8mm) metalik	1.520
